BASEBALL | TONTON SPORTSWEAR

With 20+ years of custom sportswear manufacturing and export experience, Tonton supports custom baseball apparel programs for clubs, teams, leagues, distributors and sportswear brands.

Manufacturing

Our production process combines experienced craftsmanship with digital production management. Custom names, numbers, sizes and artwork are checked against the approved order specification throughout production.

Order Quantity

Full-sublimation orders can start from 1 piece. MOQ, unit cost and lead time for tackle twill, embroidery, special fabrics and constructed styles are quoted by specification.

Materials and Workmanship

Material, construction and decoration options are selected according to the approved product specification. Each order is checked against the confirmed artwork, measurements and workmanship requirements before shipment.

Why B2B Partners Choose Us

- Direct manufacturer communication
- OEM/ODM and private-label options subject to project review
- Digital artwork proof and final written approval before production

Your Brand, Our Production

Tonton combines established sportswear manufacturing experience with flexible custom production capabilities. Product specifications, materials, decoration methods, pricing and lead times are confirmed for each order.

SMART MANUFACTURING | INSIDE OUR PRODUCTION

Our production base in Hubei Province is where 20+ years of hands-on craftsmanship meets modern technology. We've built a system that catches mistakes before they become your concern.

Manufacturing Built for Accuracy

Each approved order is released with its final artwork, size breakdown, personalization information, and packing instructions. Our digital workflow supports traceability from cutting through finished-garment inspection.

Four Things This System Supports

Artwork, Roster & Size Control

Approved names, numbers, sizes, and placement details are checked against the production release before work begins.

Clearer Production Coordination

Digital order information helps the team manage approved specifications and project milestones.

Flexible Order Routes

Single-piece samples and bulk programs are quoted separately according to garment construction, fabric, and decoration. Full-sublimation orders can start from 1 piece.

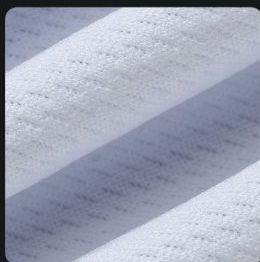

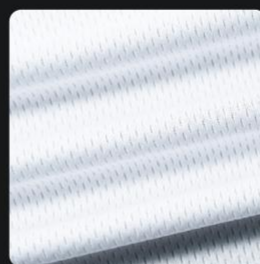

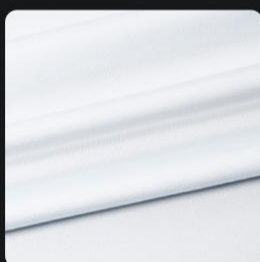

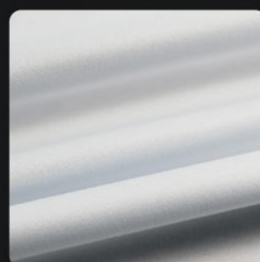

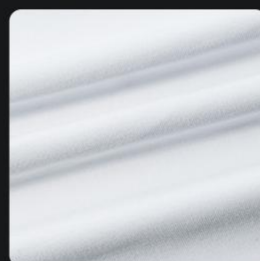

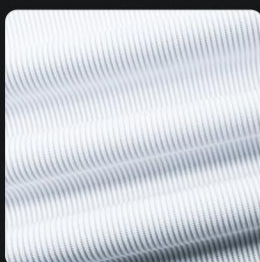

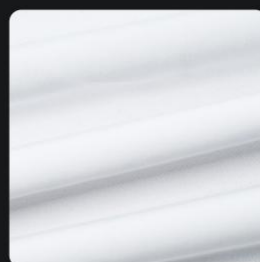

QC to the Approved Specification

Production is monitored at key stages, and finished garments are inspected against the confirmed artwork, measurements, and order details before shipment.

TACKLE TWILL & APPLIQUÉ

Tackle twill and appliqué create a raised, stitched look for selected team names, numbers and logos. Availability depends on garment construction, artwork detail and the selected fabric.

WHY CHOOSE TACKLE TWILL & APPLIQUÉ?

- ✓ **Dimensional team identity:** layered twill can add a bold, traditional finish.
- ✓ **Decoration matched to the garment:** stitch type, placement and edge finish are confirmed with the artwork.
- ✓ **Selected color and texture options:** final combinations are reviewed before production.
- ✓ **Order Quantity:** Flexible Order Quantities. Full-sublimation orders can start from 1 piece. MOQ, unit cost and lead time for tackle twill and appliqué orders are quoted according to artwork, materials, construction and quantity.

Full-Dye Sublimation

SUBLIMATION INTRODUCTION

Dye sublimation transfers the approved artwork into compatible polyester fabric. The decoration is designed to resist cracking and peeling under normal use and care. Color appearance and durability depend on the selected fabric, ink, construction and care conditions.

WHY CHOOSE SUBLIMATION?

- ✓ **Color Durability:** Vibrant Custom Colors. Sublimation supports detailed, full-color artwork on compatible fabrics. Final color reproduction is confirmed against the approved artwork and available production standards.
- ✓ **Complex Artwork and Pricing:** Complex Artwork Options. Gradients, detailed patterns and photographic elements may be available. Final feasibility and pricing are confirmed after artwork review.
- ✓ **Performance Claim:** Fabric Options for On-Field Use. Breathable and moisture-management fabric options are available according to the selected garment specification.

A baseball player in a Toronto Blue Jays uniform is captured in the middle of a powerful swing. He is wearing a black pinstriped jersey with yellow accents and the word "Toronto" in white script. The number "00" is visible on the front. He is also wearing a black batting helmet and black batting gloves. A baseball is in motion to the left of the bat. The background is a blurred stadium with bright lights, suggesting a night game. The overall tone is dynamic and professional.

COLLAR STYLES AND SIZE CHART

HOW TO MEASURE:

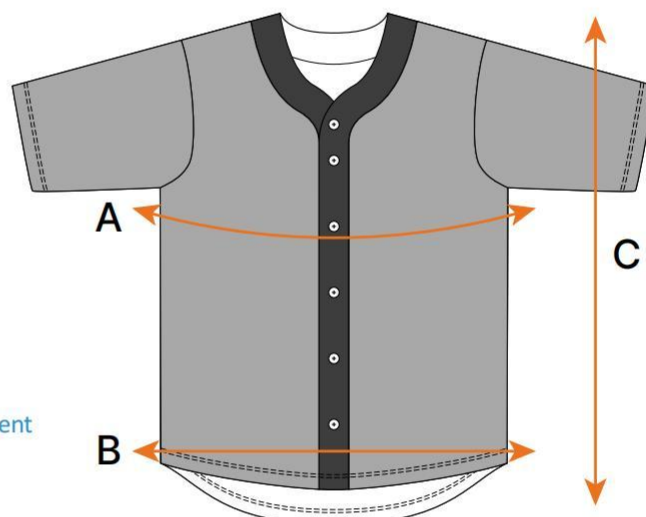

To ensure the perfect fit, please lay your jersey flat and follow these steps:

1. Chest Width (A): Measure around the chest at the fullest point, keeping the tape level and comfortably fitted.

2. Bottom Width (B): Measure across the bottom hem from side to side.

3. Jersey Length (C): Measure from the highest point of the shoulder (beside the collar) down to the bottom of the hem.

Measurement Note: All measurements are finished garment measurements. Please allow the stated production tolerance.

Available features depend on the selected construction. Zippers, snaps, inner grip, tunnel loops, back pockets, and other details are confirmed according to the approved product specification.
- ✓ **Reinforcement Options**
Optional knee reinforcement and abrasion-resistant fabric panels may be available for selected baseball-pants constructions. Final materials and construction are confirmed by specification.
- ✓ **Fit and Styles**
Adult and youth pants may be available in knicker and open-bottom styles. Final style, waistband, pocket, and closure options are confirmed after artwork and product review.

What This Line Is About

1. Baseball pants take a beating. Sliding, diving, sprinting — the gear has to hold up, or players start feeling it. We've been making baseball pants for 22 years, and that experience shows in the details: reinforced knees, breathable fabrics, and waists that stay secure during play.
2. Custom baseball pants are developed according to the approved fit, fabric, waistband, pocket, closure, and decoration requirements. Appearance and service life depend on materials, use, and care.

PARTNERING WITH US

Consultation and Design

Share your team branding, artwork and product requirements with us. Our design team can prepare digital artwork and product mockups for review. Production specifications are not finalized until written approval is received.

Sampling

Physical samples or fabric swatches may be available for selected products and order programs. Sample type, cost, lead time and availability are confirmed after reviewing the requested materials, construction, decoration and quantity.

Final Written Approval

Production begins only after final written approval of the artwork, product specifications, materials, colors, sizes, quantities, packaging requirements and delivery terms. Any requested changes after approval may affect cost and lead time.

Smart Production

After written approval, the order enters production according to the confirmed specification. Available digital tracking methods may be used to manage customization details during production.

Quality Control

Finished goods are inspected against the approved artwork, measurements, materials and workmanship specification. Inspection methods and acceptance criteria are confirmed according to the order requirements.

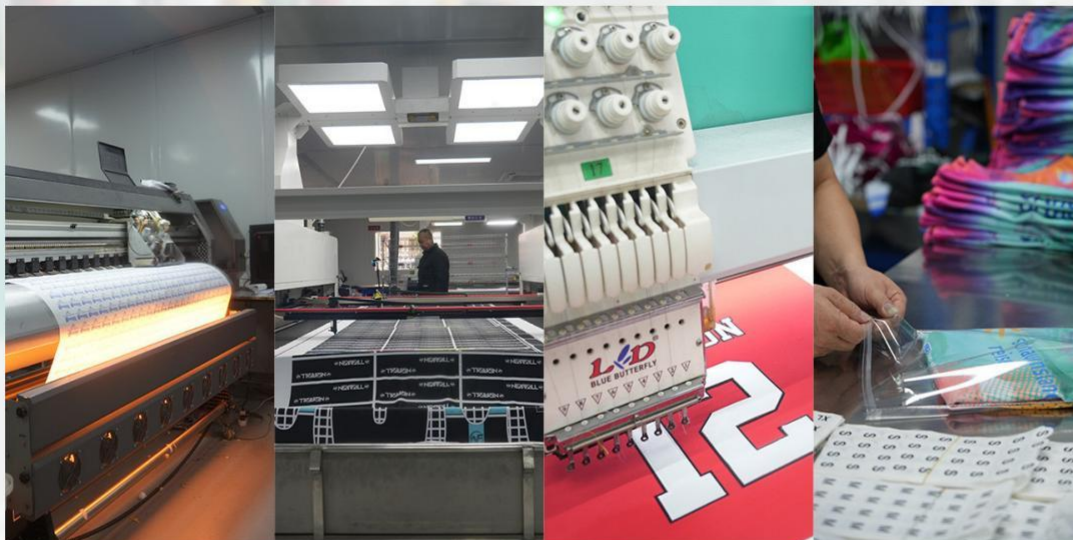

Global Delivery

Shipping method, estimated transit time and available tracking information are confirmed before dispatch. Delivery dates remain subject to the selected logistics service, customs procedures and destination conditions.
